

Young Scientist Forum in Catalysis 2025

You are warmly invited to join the annual Young Scientist Forum in Catalysis, which will take place in Jyväskylä on April 4th 2025.

Venues

The meeting will take place in Hotel Alexandra, right next to the train station. Dinner is served in the Jyväskylä harbor on the Vellamo boat.

Programme and tentative schedule

The meeting will start with a coffee at 11:00 and end with dinner starting at 19:30. The scientific programme will consist of three sessions, two plenary lectures, contributed talks, and poster session. The meeting will also include two coffee breaks, lunch, dinner, and the annual board meeting of the Finnish Catalysis Society

Registration and fees

Registration will open on February 20th and remain open until March 18th. More information will be provided as soon as registration opens. The participation cost is 60€/person is paid at registration and includes attendance to all scientific activities, welcome coffee, lunch, and dinner.

Scientific presentations

The plenary speakers are Prof. Daniel Martín Yerga (Aalto University) and Prof. Jero Ahola (LUT University). Early career researchers can present their work either as a contributed talk (8-10 slots, 20min) or as a poster.

Accommodation

Hotel Alexandra offers special prices for the participants (10 rooms for night 4.4.-5.4.). Several alternatives can be found close to the meeting venues.

Organizers

The Finnish Catalysis Society and the Computational Heterogeneous and Electrocatalysis group at University of Jyväskylä, led by Prof. Karoliina Honkala.
